Debra, or Debbie as some call her, began her career at Liberty National Bank in 1994. She started as a teller and loved the daily interaction with the customers. After about a year, she was promoted to a Loan Assistant working with several of the Loan Officers to help her learn the variety of lending aspects. Because of her excellent abilities in the loan department, she was promoted to a Loan Officer in 2013 where she continues to thrive.

Debbie loves putting together all types of loans but because she was raised on a dairy farm and around cattle all her life, she especially loves doing cattle loans. With Debbie's longevity in the industry and community, she has helped many people over the years realize their goals and dreams.

Debbie is an active member in the community she lives and works in and serves on the Elgin Chamber of Commerce, Friends of the Library in Elgin, and is an Agri Business Advisory Board member for Great Plains Technology Center. She also teaches the 4-7 year age group at her church in Sterling.

Debbie has worked hard over the years while gaining most of her education with on the job training. She has also attended the Consumer Lending School.
