Brian has a long career in the banking industry, spanning almost 30 years. Having started as a teller in 1991, Brian discovered his passion for helping customers and that passion led to promotions throughout the years—Branch Manager, Lawton Regional Manager, and Market President. Brian wanted to get back to his main love of being able to help a business grow and joined Liberty National Bank in December 2018 as a Senior Vice President/Commercial Loan Officer.

Another passion of Brian's is his community where he exemplifies a philosophy built through trust and hard work. His commitment to the community shows through his efforts with the United Way, Lawton Fort Sill Economic Development Corporation and the Lawton Fort Sill Chamber of Commerce where he served as a board member in the capacity of vice president of member services and later as the organization's chairman. He remains actively involved in chamber events.

In addition, Henry is committed to education having served on the Lawton Public School Foundation as past president and treasurer, as well as president of the Cameron University Foundation.

Brian graduated from the University of Oklahoma with a Bachelor of Science in Architecture in 1991. He is also a 2006 graduate of the ABA Commercial Lending School.
