¡Yo hablo español!

Troy began his banking career in 2014 upon completion of college. He was given the opportunity to cross-train throughout all the front-line positions in order to be a branch manager. He states that the experience he gained while learning the different departments has proved invaluable as he truly understands the intricacies that each department faces daily.

During his first year in the banking industry, Troy discovered that he truly enjoyed the loan department and knew that was where his future was. He joined Liberty National Bank in 2015 as a Credit Analyst where he spent a year gaining the underwriting knowledge needed to be an effective commercial lender. He was promoted to a Commercial Loan Officer in 2016. Troy gets excited about all loans—both small and large and just likes helping people realize their dreams.

Troy believes in giving back to his community, having served on several boards and committees. He currently serves as the Treasurer for the Blanchard Chamber of Commerce Board and the Pioneer Library System Foundation Board as the Treasurer and Finance Committee Chair. He has also served on the Blanchard Education Foundation.

Troy has a BBA in Business Finance from the University of Oklahoma. He has also completed the Commercial Financial Analysis with Jim Shreve of FTD Resources and the Advanced Commercial Lending School with the American Bankers Association at Southern Methodist University. Troy is an honorary graduate of the Instituto Tecnológico Latinoamericano.
