Bridgett's career with LNB began in 2005 as a Teller. Because of her excellent customer service skills and outgoing personality she was promoted to Teller Supervisor and later a Customer Service Representative. She also began her training program to become the Branch Operations Manager at the Elgin location where she still currently serves.

Bridgett loves working with customers whether it is opening accounts, helping them with a CD or just problem solving a customer's needs. She is also the bank's Guru for everything IRA related. She has a tendency to go above and beyond for her customers and treat them how she would want to be treated.

Bridgett is a member of the Fletcher First Baptist Church and likes to be involved whenever she can. She also loves spending time with her family playing games and just socializing.
